Directions-

From Junction 28 on the M5, take the A373 towards Honiton. Pass through the built up area and into the countryside (about 1/2 mile). At the second crossroads (approximately 1 mile) - Post Cross - turn right to Aller. Follow this lane for about 1 mile - ignore the small crossroads half way - until you have to stop at the end of the lane at the crossroads - Five Cross Ways - turn right signposted to Cullompton. Follow this lane for about 600 yards and your first left will be a large farm drive. Turn left down here and we are the first house on the right about 50 yards down the drive and turn right over a cattle grid into our park and call at our large porch.

Ignore the factory and buildings on the left of the drive.

We are usually either in the office in the house or in the Showroom which is immediately behind you when you are at the porch.

Please contact us before you come to arrange times etc as we are sometimes out with customers or seeing to children etc and would not like you to arrive and we not be here to help you.

Via M5 or B3181
